<b>Dimensions</b>	<p>Available sizes of WOODLINE panels:</p> <ol style="list-style-type: none"> <li>1. WOODLINE WL 2700x300: 2700mm (+/-3mm) high and 308mm (+/-2mm) wide (the last strip covers the panel joint) with 6 strips with a cross-section of 27x12mm</li> <li>2. WOODLINE WL 2700x400: 2700mm (+/-3mm) high and 408mm (+/-2mm) wide (the last strip covers the panel joint) with 8 strips with a cross-section of 27x12mm</li> <li>3. WOODLINE WL 300x300: 300mm high (+/-3mm) and 300mm wide (+/-3mm), with 6 slats with a cross-section of 27x12mm</li> <li>4. WOODLINE WL 400x400: 400mm high (+/-3mm) and 400mm wide (+/-3mm), with 8 slats with a cross-section of 27x12mm</li> <li>5. WOODLINE WL 600x600: 600mm high (+/-3mm) and 600mm wide (+/-3mm), with 12 slats with a cross-section of 27x12mm</li> <li>6. WOODLINE WL 600x600D: 600mm high (+/-3mm) and 600mm wide (+/-3mm), with 15 slats with a cross-section of 27x12mm</li> <li>7. WOODLINE WL 2700x300: 2700mm (+/-3mm) high and 308mm (+/-2mm) wide (the last strip covers the panel joint) with 6 strips with a cross-section of 27x6mm and a radius of R2</li> <li>8. WOODLINE WL 2700x300: 2700mm (+/-3mm) high and 308mm (+/-2mm) wide (the last strip covers the panel joint) with 6 strips with a cross-section of 27x6mm without radius</li> <li>9. WOODLINE WL 2700x177: 2700mm high (+/-3mm) and 182mm wide (+/-2mm), (the last strip covers the panel joint) with 4 strips with a cross-section of 21x25mm</li> <li>10. WOODLINE WL 2500x300: 2500mm high (+/-3mm) and 308mm wide (+/-2mm), (the last strip covers the panel joint) with 6 strips with a cross-section of 27x12mm</li> <li>11. WOODLINE WL 2700x300: 2700mm (+/-3mm) high and 302mm (+/-2mm) wide (the last strip covers the panel joint) with 7 strips with a cross-section of 27x12mm</li> </ol>
<b>Colors</b>	Black or gray felt Veneer in the colors of black matt, sonoma oak, light oak, dark oak, white, olive, sea, wotan oak, concrete loft, jackson hickory, cashmere
<b>Material composition</b>	<ol style="list-style-type: none"> <li>1. 7mm thick felt board</li> <li>2. MDF strip covered with paper veneer</li> <li>3. Metal staples</li> </ol>
<b>Purpose and scope of application</b>	WOODLINE felt lamella panels are designed for wall mounting inside houses. These products are intended for decorative purposes. They can be mounted individually or connected together.
<b>Type of finish</b>	WOODLINE felt-backed slatted panels consist of a felt board as the panel base and MDF slats with veneer. Depending on the size of the panel, the number of slats on the panel may vary. The strips are mounted to the felt board using metal upholstery staples .
<b>Finish Color</b>	Due to material and technological reasons, differences in shades between individual production batches and within a single product are permitted.
<b>Packaging method</b>	Panels packed in heat-shrinkable foil.
<b>Storage and transportation</b>	Products should be stored and transported in the original manufacturer's packaging, stored under a roof. Store only in a dry place and protect from moisture.
