Frame: for the weight-bearing sections, we use multi-ply wood and solid wood. For the base of the upholstery, high-quality polyether foam is used.

Cushion upholstery: high quality polyether foam on webbing.

For the seat cushions, we use a core of high-quality polyether foam with a sectioned covering in down.

The underside of the seat cushion is covered with cotton fabric for better air circulation.

The back cushions are sectioned off and filled with down.

This model is only available in leather or in plain-coloured fabrics.

Metal legs in antique bronze finish.
