Description: design Leonardo Dainelli

cm. W 241 - D 104 - H 40.80

in. W 94.9 - D 40.9 - H 31.5/15.7

Frame: for the weight-bearing sections, we use multi-ply wood and solid wood.
For the base of the upholstery, high-quality polyether foam is used. Cushion upholstery: high quality polyether foam with a sectioned covering in a down mixture (down/acrylic fibers). The throw pillows are sectioned off and filled with a down mixture (down/acrylic fibers).

In the leather version, the straps of the neck rolls are finished in the same leather; in the fabric version brown imitation leather is used.
